

HOIST MANUFACTURER: _____

HOIST STYLE OR MODEL NUMBER: _____

The objective of this document is to assist Employers, Workers or Purchasers acquire information from Manufacturers and Suppliers to confirm that the Lever Hoist is compliant to the ASME B30.21 standard, as this is the most recognized standard used in North America when referencing construction, installation, operation, inspection, and maintenance of Lever Hoists.

Legislation, Standards and Specifications

Can the Manufacturer or Supplier confirm the hoist complies with the ASME B30.21 standard? _____

Design Factor

What is the Design Factor for the hoist? _____

Hoist Identification

Is the manufacturer's name marked on the hoist? _____

Is the manufacturer's model number marked on the hoist? _____

Is the manufacturer's serial number marked on the hoist? _____

Is the rated load marked on the hoist? _____

Are lever control directions marked on the hoist? _____

Are Product Safety labels attached to the hoist? _____

Inspection Requirements

What are the manufacturer's instructions for completing Initial Inspections? _____

What are the manufacturer's instructions for completing Frequent Inspections? _____

What are the manufacturer's instructions for completing Periodic Inspections? _____

Removal Criteria

What are the manufacturer's removal criteria for the hoist? _____

Selection, Limitations and Use

What environmental concerns need to be considered? _____

What is the manufacturer's maximum temperature rating? _____

What is the manufacturer's minimum temperature rating? _____

What are the manufacturer's cautions to personnel? _____

What are the manufacturer's specifications regarding over-travel restraints? _____

What are the manufacturer's specifications regarding operator positioning? _____

What are the manufacturer's specifications regarding hand lever operation and operators applied force? _____

What are the manufacturer's specifications regarding attaching to the load? _____

What are the manufacturer's specifications regarding side pulling? _____

What are the manufacturer's specifications regarding load holding? _____

What are the manufacturer's specifications regarding unattended loads? _____

Does the manufacturer give any additional information? _____

Maintenance

Does the manufacturer allow the hoist to be Repaired, Altered, or Modified? _____

What are the manufacturer's storage requirements? _____

What are the manufacturer's lubrication requirements? _____
